## Authorization for Self-Administered Medication at School

Student Name: \_\_\_\_\_ DOB: \_\_\_\_\_ Grade: \_\_\_\_\_

Site/Program: \_\_\_\_\_ Teacher: \_\_\_\_\_

In order for your child to carry a self-administered medication, the following conditions must be understood and agreed upon by both the student and parent/guardian: The student may use the prescribed medication as needed and as directed by their physician. The physician's signature confirms that the student has been properly instructed on its use. The medication must be clearly labeled with the student's name. **Both the Seizure Action Plan and this document** must be signed by the parent/guardian and kept on file at the school before the student is permitted to carry the medication.

**NO DIRECT MONITORING** will be conducted by the school staff for self-carry medications. The student is responsible for the safe handling and self-administration of medication. The student is responsible for notifying school staff if he/she self-administer any emergency medication (i.e., epinephrine). **\*\*\*Exceptions may apply for students with 1:1 monitoring while on campus. MD signature is a recommendation; however, the campus RN has the final decision to allow self-carry medications.**

Parents are responsible for promptly notifying the school of any changes to their child's health status, physician, or prescribed medications. Any change in medical procedures must be submitted in writing by the treating physician. The district is not responsible for risks associated with improper handling of medication, including overuse, incorrect administration, breakage, theft, loss, sharing, misuse, or careless storage. If a student engages in behaviors that increase safety risks to themselves or others, the current protocol may be re-evaluated.

**TO BE COMPLETED BY THE PARENT/GUARDIAN:**

I authorize my child to carry the prescribed medication and release the school district and staff from liability for any adverse reaction resulting from self-administration during school hours..

Parent/Guardian Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**TO BE COMPLETED BY THE STUDENT**

I have been instructed in the proper use of my medication and will take it as prescribed. I understand that misuse may lead to disciplinary action by my School/District.

Student's Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**PHYSICIAN TO COMPLETE**

The child's well-being is in jeopardy unless this medication is carried on his/her person. Therefore, I request that he/she be permitted to carry the medication at school. The student has been instructed in proper medication use and is able to self-administer responsibly, understanding its purpose, method, and frequency.
